

Principles of recruiting students and PhD students for Erasmus+ study / traineeship mobility for history, public history, military studies, national culture heritage

The academic year 2024/2025

1. Applicants

- Persons registered at the first or second study cycles, or at uniform Master's studies, and doctoral candidates, or doctoral school participants can apply for an Erasmus grant.
- Applicants seeking to participate in the programme have to be enrolled officially for at least the first year of studies.
- During the first year of Master's studies, a mobility is possible only when the applicant was a student at the University of Wrocław in the preceding year, i.e., they were pursuing Bachelor's/Master's studies at the University of Wrocław. The same criterion applies to the first year of doctoral studies (The above applies only to the situation of additional recruitment in September / October 2024 for Erasmus studies in the next summer semester 2024/2025).
- Third-year students at the first cycle studies may participate in the recruitment, provided that they submit adequate evidence of admission to the second study cycle at the University of Wrocław.
- An applicant has the right to enter the recruitment process during a leave of absence, however, having an active student status is the prerequisite for their mobility to take place.
- The basic eligibility criteria for students are as follows: appropriate Grade Point Average, command of a relevant foreign language, and motivation for the trip.

2. Mobility Capital

Every person has the opportunity for a mobility under the Erasmus+ Programme, lasting up to 12 months in total for each cycle of study, and 24 months for uniform Master's studies. The number of days/months spent abroad under the Erasmus+ Programme is called the mobility capital. The capital is calculated separately for each cycle of study, all types of mobility are summed up, including those with zero financing.

3. Recruitment Documents

An Applicant's mobility portfolio should include:

1. CV (tabular)
2. Certificate from the Dean's Office regarding Grade Point Average. The minimal average grade for the period of entire study period is 4,00.
3. Declaration regarding any previous mobility (mobility capital) – the template is attached.
4. Letter of motivation justifying the mobility applied for. While recruiting for Erasmus+ Studies, an Applicant should indicate up to 5 universities in the ranking order, and should specify the semester of departure.
5. A photocopy of a language certificate (this applies to Applicants who were not interviewed by SPNJO).
6. **For Erasmus+ Studies mobility** – a written consent of the thesis supervisor when the mobility in question is performed during the last year of studies in the given cycle.
7. In the case of mobility of doctoral students, the approval of the supervisor and the Head of the Doctoral School is necessary. It is recommended to inform the Doctoral School about the planned mobility.
8. **For a Traineeship or short-term mobility** – confirmation of admission to the given mobility with a so-called Acceptance letter issued by the receiving institution.
9. All the documents should be prepared in Polish except for the Acceptance letter.
10. The form of handing in the portfolio is e-mail.

4. Committee

- Decisions on qualifying candidates are made by the Committee: coordinator Erasmus+ and deputy head of the institute for didactics.
- The Recruitment Committee, while allocating an Applicant at a given university, takes into account the Applicant's preferences expressed in their motivation letter; however, the Committee reserves the right to make the final decision, especially when there are not enough places in selected universities (Erasmus+ Studies).

- When an additional round of selection is carried out in the event of grant availability, the Coordinator, upon the deputy head's of the institute for didactics approval, may individually recruit Applicants outside the regular recruitment (Erasmus+ Studies).
- The Coordinator, upon the approval of the deputy head of the institute for didactics, may individually select eligible students for mobilities with continuous recruitment, i.e., throughout the year.
- Appeals against the decision of the Erasmus+ Committee/Coordinator are submitted to the Vice-Rector for projects and international relations.

Mobility Types. Recruitment

5. Semester- or year-long mobility at a partner university (Erasmus+ Studies), applicable to KA131 Programme Countries and KA171 Partner Countries

- The Recruitment is conducted at the Institute of History and led by Erasmus+ Programme Coordinator acting within the institute Recruitment Committee.
- The Recruitment is conducted from January to March 2024. Places for both winter and summer semesters in the academic year 2023-2024 will then be allocated.
- Additional recruitment will be conducted in September-October 2024, only if the University of Wrocław has grants to manage and assign. The recruitment will be conducted for the second semester of 2024-2025.
- An Applicant can go only to a university with which their home institute has signed a cooperation agreement under Erasmus+ Programme.
- Students of interdisciplinary studies may apply for recruitment within the fields of study that they are pursuing. These students are subject to the same eligibility criteria as the students of a given department.
- The aim of the mobility is to enable a student to complete a part of their studies at a partner university, which will result in obtaining the agreed number of ECTS credits as specified in the Learning Agreement. It is assumed that the number of ECTS credits for a semester is 30. It is possible to determine a different, usually lower, number of ECTS credits, due to particular qualities of a curriculum. Agreements on the type of selected courses and the number of credit points require the approval of the Erasmus+ Programme Coordinator. The required minimum number of ECTS to be obtained at the partner university is 15.
- Doctoral students may attend classes and earn the required number of ECTS credits agreed between the universities or they may devote their stay to so-called own research without attending classes and earning credits. In such a case it is necessary to appoint a tutor at the host university, who will confirm the implementation of the programme.
- **The length of the mobility strictly depends on the schedule of the academic year at the foreign university.** It is possible to obtain financing for the period lasting from 2 months (for trimesters; for doctoral students travelling for research purposes) to 10 months (for annual trips).

STAGE I – Language Command Test

Interviews in relevant foreign languages (English, German, French, Spanish, Portuguese, Italian) are conducted in the Department of Practical Foreign Language Teaching (SPNJO); registration and interview dates are published at <http://www.spnjo.uni.wroc.pl/>

STAGE II – the Recruitment at the Faculty Level

1-15 February 2024 – submission of Applicants' portfolios (hard copy of e-mail attachment)

16-22 February 2024 – recruitment

23 February 2024 – publishing of recruitment results and allocation of places by coordinators, in usosweb

By 1 March – a candidate accepts the result of the recruitment

3 March 2024 – the end of recruitment

6. Short-term mobility – students depart to participate in an organised activity, e.g., summer/winter school or other short-term academic mobility, traineeship/KA131

- Duration of a short-term student mobility: from 5 to 30 days.
- A compulsory virtual component, i.e., in addition to the time spent abroad, a virtual component is necessary (before, during or after the mobility).

- When it comes to Studies, a minimum of 3 ECTS must be earned.
- The virtual component and the obligation to obtain ECTS – do not concern doctoral students' mobility.
- The Recruitment is conducted out at the institute by Programme Coordinator.
- The Recruitment is continuous, until all places are allocated.
- Language tests are conducted on an individual basis; please contact SPNJO.

7. Traineeship during studies for students of the first and second study cycles, and for doctoral candidates (Erasmus+ Traineeship)/KA131

- The Recruitment is conducted at the institute by Erasmus+ Programme Coordinators acting within the institute Recruitment Committee.
- The Recruitment is continuous and takes place throughout the year.
- Language command tests are conducted on an individual basis; please contact SPNJO.
- The aim of the mobility is to carry out a traineeship at a foreign institution; ECTS are not required.
- A traineeship is usually treated as an additional student activity; if it is supposed to be a traineeship defined by the relevant study curriculum as a part of the student's duties, one should enquire about such a possibility with the Traineeship Manager at the institute.
- For a mobility planned during a semester, the Dean's consent for the Individual Course of Study is required.
- Co-funding for the period from 2 to 10 months.

8. Mobility for Graduate Traineeship/KA131

- Applications may be submitted by graduates of the University of Wrocław who have completed first- or second-cycle studies, uniform Master's studies, or doctoral studies. At the time of applying for a mobility (recruitment procedure), applicants are students in the final year and will have to pass the recruitment procedure before they graduate, i.e., before they defend their diploma thesis. If the defence is postponed, the date of 30.09. (of the last semester of studies) is applicable. Mobility capital is counted for the last studies.
- The recruitment is conducted at faculties/institutes and led by Erasmus+ Programme Coordinators acting within the faculty/institute Recruitment Committee. The recruitment is continuous.
- Language command tests are conducted on an individual basis; please contact SPNJO.
- Grants are for periods from 2 to 5 months.

9. Short-term mobility – students depart to participate in an organised activity, e.g., summer/winter school or other short-term academic mobility, traineeship/KA131

- Duration of a short-term student mobility: from 5 to 30 days.
- A compulsory virtual component, i.e., in addition to the time spent abroad, a virtual component is necessary (before, during or after the mobility).
- When it comes to Studies, a minimum of 3 ECTS must be earned.
- The Recruitment is conducted out at the institute by Programme Coordinator.
- The Recruitment is continuous, until all places are allocated.
- Language command tests are conducted on an individual basis; please contact SPNJO.

Attention!

An Applicant for a mobility is additionally obliged to generate an application form through individual account in the International Office database <https://international-applications.uni.wroc.pl/>.

Approval for the mobility is given by obtaining the Erasmus Coordinator's signature on the document, which should then be submitted to the International Office.
